Volume 19, 1986

Contents

Volume 19, Number 1

CONTENTS

- 1 Spatial cue utilization in chronically mainourished rats: Task-specific learning deficits**
C. R. Goodlett, M. L. Valentino, P. J. Morgane, and O. Resnick
- 17 Developmental changes in salt acceptability in human infants**
G. K. Beauchamp, B. J. Cowart, and M. Moran
- 27 Environmentally induced analgesia: Ontogeny of a nonopioid system**
J. S. Knisely and R. J. Hamm
- 37 The effect of home cage stimuli on acquisition and retention of an active avoidance response in previsual rats**
J. R. Misanin, N. A. Lariviere, A. E. Turns, L. E. Turns, and C. F. Hinderliter
- 49 An experimental study on developmental changes of maternal discrimination of infants in crab-eating monkeys (*Macaca fascicularis*)**
K. Negayama and S. Honjo
- 57 Effects of unusually early visual stimulation on the development of homing behavior in the rat pup**
P. A. Kenny and G. Turkewitz
- 67 Postnatal locomotion development in a neurological mutant of Rolling mouse Nagoya**
Y. Tamaki, S.-I. Oda, and Y. Kameyama
- 79 Acknowledgement**
- 83 Author Index to Volume 18**
- 87 Subject Index to Volume 18**
- III Contents for Volume 18**

CONTENTS

- 91 **Development of auditory localization in dogs: Single source and precedence effect sounds**
D. H. Ashmead, Rachel K. Clifton, and E. P. Reese
- 105 **Impoverished rearing conditions increase stress-induced irritability in mice**
M.-L. Riittinen, F. Lindross, A. Kimanen, E. Pieninkeroinen, I. Pieninkeroinen, J. Sippoa, J. Veilahti, M. Bergstom, and G. Johansson
- 113 **Incidental learning is impaired during early-life undernutrition**
P. J. Rogers, J. Tonkiss, and J. L. Smart
- 125 **Sex related behavior of immature wild mountain gorillas**
R. D. Nadler
- 139 **Ontogenetic comparison of memory for Pavlovian conditioned aversions to temperature, vibration, odor, or brightness**
B. Markiewicz, D. Kucharski, and N. E. Spear
- 155 **Acceleration and delay of puberty in female mice via urinary chemosignals: Age of the urine stimulus**
L. C. Drickamer

CONTENTS

iii Scope

- 163 **Behavioral displays to gustatory stimuli in newborn rat pups**
J. R. Ganchrow, J. E. Steiner, and S. Canetto
- 175 **Conditioning of aversion to alcohol orosensory cues in 5- and 10-day rats: Subsequent reduction in alcohol ingestion**
J. C. Molina, H. Hoffmann, and N. E. Spear
- 185 **The ontogeny of salt preference in rats**
K. E. Moe
- 197 **The role of penile stimulation and ejaculatory experience on the development and maintenance of reproductive behavior in the bull (*Bos taurus*)**
L. S. Katz and E. O. Price
- 211 **The ontogeny of independent ingestion in mice. Or, why won't infant mice feed?**
W. G. Hall and J. A. Browde, Jr.
- 223 **The development of cyclic motility in fetuses of diabetic mothers**
S. S. Robertson and L. J. Dierker
- 235 **Prenatal stress affects mother-infant interaction in Norway rats**
C. L. Moore and K. L. Power
- 247 **Postural and lateral asymmetries in the ontogeny of handedness during infancy**
G. F. Michel and D. A. Harkins
- 259 **Spatiotemporal linkage in infant interlimb coordination**
E. C. Goldfield and G. F. Michel
- 265 **Visually imprinted maternal preference in ducklings is redirected by social interaction with siblings**
R. Lickliter and G. Gottlieb
- 279 **Infanticide by virgin CF-1 and wild male house mice (*Mus musculus*): Effects of age, prolonged isolation and testing procedure**
M. M. McCarthy and F. S. vom Saal

CONTENTS

- 291 **Alarm call responsivity of mallard ducklings: III. Acoustic features affecting behavioral inhibition**
D. B. Miller and C. F. Blaich
- 303 **Social interactions among rats housed in grouped and enriched conditions**
M. J. Renner and M. R. Rosenzweig
- 315 **Play profiles of captive adult orangutans: A developmental perspective**
E. L. Zucker, M. B. Dennon, S. G. Puleo, and T. L. Maple
- 327 **Discrimination between conspecific and allospecific infants by male gerbils and mice before and after experience of their own young**
R. W. Elwood and M. C. Ostermeyer
- 335 **Behavior of infant Japanese monkeys (*Macaca fuscata*) with congenital limb malformations during their first three months**
M. Nakamichi
- 343 **Development of the surgically produced singleton mouse fetus**
R. Gandelman and S. Graham
- 351 **The development of defensive behavior against predation by army ants**
P. McDonald and H. Topoff
- 369 **Male chacma baboon (*Papio ursinus*) sexual arousal: Studies with adolescent and adult females as visual stimuli**
C. Bielert, L. Girolami, and C. Anderson
- 385 **Opioid-mediation of separation distress in 10-day-old rats: Reversal of stress with maternal stimuli**
P. Kehoe and E. M. Blass

CONTENTS

- 399 **Effects on the behavior of infant common marmosets (*Callithrix jacchus*) of separation from caregivers and of drug-induced reproduction in caregiver responsiveness**
N. R. Chalmers and J. Locke-Haydon
- 413 **Ontogenesis of the antennal activity associated with food transfer in the callow worker ant**
L. Morel
- 427 **Behavioral responses of infant rats to maternal licking: Variations with age and sex**
C. L. Moore and A.-M. Chadwick-Dias
- 439 **High motivation toward food increases food-sharing in cotton-top tamarins**
A. T. C. Feistner and A. S. Chamove
- 453 **Alleviation of infantile amnesia in rats by internal and external contextual cues**
R. Richardson, D. C. Riccio, and R. Axiotis
- 463 **Physical and behavioral sequelae of low birthweight in spiny mice (*Acomys cahirinus*)**
R. H. Porter, J. W. Makin, and J. A. Matochik
- 473 **Visceral nociception in developing rats**
D. M. Bronstein, P. Mitteldorf, M. M. Sadeghi, K. Kirby, and L. D. Lytle
- 489 **Technical comment: An automatic hatch detector for birds**
H. Overdijk, W. Bakhuis, M. Corner, and R. Nooij

CONTENTS

- 493 **Behavioral interactions of postweaning male and female rats with a complex environment**
J. M. Juraska and M. Meyer
- 501 **Repeated failure of prenatal ACTH administration to alter masculine behavior in mice**
D. de Catanzaro, M. D. Maerz, R. K. B. Heaven, and W. Wilson
- 511 **Forty minutes of experience increase the weight and RNA content of cerebral cortex in periadolescent rats**
P. A. Ferchmin and V. A. Eterović
- 521 **Divergent effects of early hydrocortisone treatment on behavioral and brain development in meadow and pine voles**
D. Prohazka, M. A. Novak, and J. S. Meyer
- 537 **Exploratory behavior, learning ability, and thyroid hormonal responses to stress in female rats rehabilitating from postnatal hypothyroidism**
V. Tamasy, E. Meisami, J-Z Du, and P. S. Timiras
- 555 **Training ducklings in broods interferes with maternal imprinting**
R. Lickliter and G. Gottlieb
- 567 **Behavior and physiology in young bonnet monkeys**
M. Reite and R. Short
- 581 **The effects of early rearing environments on maternal behavior in adult female rats**
D. Moretto, L. Paclik, and A. Fleming
- 593 **Intake and behavioral responsiveness to taste stimuli in infant rats from 1 to 15 days of age**
I. B. Johanson and E. G. Shapiro
- 607 **Does behavior contingent stimulus movement enhance filial imprinting in Japanese quail?**
C. T. Cate
- 615 **Olfactory-guided orientation in neonatal rats is enhanced by a conditioned change in behavioral state**
R. M. Sullivan, M. A. Hofer, and S. C. Brake
- 625 **Huddling and independent feeding of neonatal rats can be facilitated by a conditioned change in behavioral state**
R. M. Sullivan, S. C. Brake, M. A. Hofer, and C. L. Williams
